FRANCIS J TROUBAT. Esq., of Philadelphia, Hon ELLIS LEWIS, of Lancaster, WILSON M'CANDLESS, Esq., of Pittsburgh. TIMES work contains the best productions of English law authors, without regard to priority of claim on the part of any American publisher. Such books are notoriously too dear. The reason is that as fast as they appear they become monopolies in the hands of book-sellers in the Atlantic cities. Under the plea of right acquired by the eddition of notes of American decisions, the latter claim an undivided title to those works, and set a burthensome price on them. The blishers of the work now offered to the profession throughout the Union, will not respect such titles, but will reprint the standard British law books as fast as they emanate from the London market. Should new editions of the works of such writers as Starkie, the Chittys, Stephen, and Archbold, appear, they shall also be included; and Digests of Equity and Law decisions—works which have been warm in winter, stables in the world.
